

Masks4Music

OMG Music free mask initiative
for music retailers, their
employees and customers

Masks4Music!

Inspired by Suay Sew Shop in Los Angeles

- They tested materials for mask making and found that by using blue shop towels, they could make a mask that could block up to 95% of the particles they could test, while cotton masks only blocked 20% to 60%.
- Our masks are made using a double layer of these as well as a third inner layer of tight knit muslin cotton for comfort.
- Using strap shoelaces as ties

Washable and Semi-disposable

- Will not last forever but keeps effectiveness after multiple washes.
- Non-medical grade - not meant as a replacement for N95 or other medical grade respirators
- Helps to protect others from droplets/particles when you cough/sneeze

How Can I Get Some For My Store?

Call or email your rep
(or email us at
info@omgmusic.com)

Let them know how
many you need

Provide a shipping
address

Who And What?

Any dealer is eligible, whether they do business with us or not

Free of charge, including shipping

We have enough material and supplies for about 4,500 masks

Working on obtaining more as quickly as possible

Our Goal

- Our goal is to provide music stores and their employees personal mask protection so that they can stay safe and healthy while concentrating on getting back to providing the wonderful gift of music to our local communities and schools.
- We also want to help keep the demand for medical grade masks down so that the front-line pros that really need them can get them.
- Giving is contagious too! Let's all do what we can to help each other and we'll get through this together as a community. We can sew - what can you do?
